The KTTA President explained to the delegates the circumstances leading to the proposal to suspend KTTA. In his speech, addressed to the AGM, the Kuwait TTA President questioned the reasons for the suspension, arguing that KTTA has not violated any of the ITTF's rules and regulations, on the contrary, KTTA is a very active member of the ITTF. He also assured the AGM that there is no interference from the government in the KTTA's affairs.

- The ITTF will have a small surplus in 2015, but a shortfall is expected in 2016 because of the loss of the World Tour sponsorship income (GAC).
- With cost cutting measures and by allocating more Olympic Funds for 2016, the Executive Committee and the staff will make all efforts to balance the budget and to make sure there is no deficit by the end of 2016.
- Expenses were already reduced for the 2016 World Tour in consultation with all partners due to the loss of the Title Sponsor (GAC).

13.2 Quadrennial and yearly Budget adjustments:

- According to the 2015 AGM decision, adjustments to the second part of the quadrennial budget for the years of 2015-2016 was not necessary due to the existing surplus.
- After the 2015 audit is completed and having the exact figures, the Executive Committee will adjust the 2016 yearly budget.

Note: The Chair of the ITTF Athletes Commission gave arguments in favour of Proposition No.5 with an implementation date for 2018, and announced that Proposition No.6 is withdrawn. After a delegate questioned why to wait until 2018, the AC Chair requested to modify the implementation date to "immediate" and the proposition was voted upon accordingly.

The AGM considered the following propositions, which required a **3/4 majority (75%)** of the votes cast:

9	<p>Proposed by Hong Kong Table Tennis Association</p> <p>To delete 2.4.2</p> <p>2.4.2 At least 85% of the blade by thickness shall be of natural wood; an adhesive layer within the blade may be reinforced with fibrous material such as carbon fibre, glass fibre or compressed paper, but shall not be thicker than 7.5% of the total thickness or 0.35mm, whichever is the smaller.</p>	<p>Defeated</p> <p>73,45% in favour</p>

11	<p>Proposed by the UAE Table Tennis Association</p> <p>To delete 2.9.1.1</p> <p>2.9.1 The rally shall be a let:</p> <p>2.9.1.1 if in service the ball touches the net assembly, provided the service is otherwise correct or the ball is obstructed by the receiver or his or her partner;</p>	Defeated
12	<p>Proposed by USA Table Tennis</p> <p>To add a new paragraph 2.10.1.16</p> <p>2.10 A Point</p> <p>2.10.1 Unless the rally is a let, a player shall score a point</p> <p>2.10.1.16 if an opponent deliberately disturbs the conditions of play in a way that could affect the outcome of the rally.</p>	Defeated

The AGM considered the following resolutions, which required a **simple majority (50%)** of the votes cast:

A	<p>Proposed by the Palestine Table Tennis Federation</p> <p>Organisation of an international tournament(s) on the level of the Presidents of National Associations affiliated to ITTF.</p> <p>The suggestion is to organise a tournament(s) that includes all presidents of all National Associations, each representing his/her country which will contribute in realizing sports highest goals and achieving goals behind creation of International Table Tennis Association (Sports For All) in addition to keeping ITTF on the lead as the largest International Sport Federation in the world through this idea (tournament), following are the main points:</p> <ol style="list-style-type: none"> 1- Helps in spreading, promoting the sport in a new, beautiful way worldwide 2- Helps confirming, administrative positions are not only honorary positions 3- Helps in bringing presidents of NAs more physically active 4- Helps in promoting tourism in those countries will host that big international sport event and gathering 5- Partially contributes in increasing ITTF's income 6- Helps in encouraging organisers to consider the possibility of the participation of heads of states worldwide, expanding the range of success of the tournament and this activity in the future, promoting sport in general and Table Tennis in particular which will represent a huge, unprecedented sport achievement in addition to other positive goals that could be achieved for the benefit of the sport and keeping it as the master of sports worldwide. 	Defeated
---	---	-----------------

B	<p><i>Proposed by Swiss Table Tennis</i></p> <p>Test on Height of the Net</p> <p>Table tennis is a very attractive and spectacular sport as soon as there are rallies. Unfortunately, too many rallies are finished within the first 3 strokes. To reach the fixed target to become top 5 sport, table tennis has to be more spectacular. The importance of service (and receive) has to be declined. Especially the services and receives are crossing the net very low, afterwards, the balls cross the net much higher. Therefore one might estimate that with a higher net, there would be more rallies.</p> <p>Swiss Table Tennis, after having discussed with a lot of top players, technical directors, presidents of NA and others, assigns the ITTF to register at the 2016 Olympic Games (or a World Tour competition) with a high speed camera at the height of the net a minimum of 20 matches of men and another 20 matches of women with different playing styles and to publish the statistics until the 30th of November 2016.</p> <p>Depending on the results, Swiss Table Tennis will maybe ask to the AGM 2017 in Germany to change the rules and introduce a higher net from July 2018 on.</p>	<i>Passed</i>
